

Date

School Address

Dear _____,

My name is _____. I am a fourth grader at _____ School in City, State. We have been learning a lot of things this year including: _____, _____, and _____. One of the most exciting things we have learned this year is how to be responsible global citizens, critical thinkers, and future leaders. We have been working with the non-profit organization called Education For All Children (EFAC) to create connections and learn about the lives of exceptionally bright, but under-privileged students in Kenya, Africa. Specifically, we have been working with Mercy, a student striving to go to school and become a doctor.

This project has developed our awareness in so many ways and we want to share this exciting project with other school in our state. Please take a moment to view our commercial at _____ and visit the website educationforallchildren.org to see more about all of the amazing work we are doing. If you would like to join us in becoming responsible global citizens please contact my teacher.

Thank you in advance for your help with fostering our goal of reaching out and helping raise awareness of educational issues around the world.

Sincerely,
